

Sage ERP X3

Nectari User Conference

Tangerine Software invites you to attend a Nectari User Conference to be held on October 7th at Tangerine's office in St. Laurent. You will learn about Tangerine's current and future plans for product development and there will be an open forum with Nectari R & D consultants who will welcome your feedback and ideas for product enhancements.

Please join us for an interesting and informative day of learning and networking!

Sessions and Hot Topics at this Year's Conference
Nectari Product Update
Nectari Tips and Techniques
Research and Development Presentation
Customer Case Studies
Roundtable Discussions
